TARIFF REVISION

The Iowa republicans in their state platform have raised the issue of tariff revision and it must not doubt be considered in the campaign of 1904. It is contended that extreme protection tends to foster monopolies and this is undoubtedly true. Infant industries in this country need the aid of protection to enable them to compete with foreign manufactures, as for instance the tin plate industry, but when goods can be manufactured here and exported to foreign countries and sold at a profit in competition with their products it is evident that we at home must be paying more for them than we should, and that the tariff on such foreign products should be reduced, so as to reduce the price. Home manufactures should be protected to the extent of enabling them to compete at home with the foreigners but when protection exceeds that limit it builds up monopolies. The Wilson bill was evidence of the disaster to our business interests which free trade would bring and the building up of the trusts is evidence of what unnecessary protection may accomplish. The republican party may be entrusted to curtail the power of the trusts by wisely and judiciously revising the tariff so as to prevent the great monopolies from making undue profits out of the people and at the same time afford them sufficient protection to enable them to pay good wages and make a fair profit on their goods. Tariff revision must be considered an issue and it is well to begin popular education in the matter.

People here do not seem to fully appreciate the fact that almost our entire revenue is derived from summer boarders and that to retain their patronage is a thing to be desired. One way to do this is to show them by making the town attractive that we court their presence. Milford surpasses most other towns in natural attractions. Now, should not the artificial compare with those of any other place competing with city guests. They must be in the end we will be the losers.

A Generation Ago coffee could only be bought in bulk. The 20th century way is the

LION COFFEE way-sealed packages, always clean, fresh and retaining its rich flavor.

This quaint little town is now delightfully rural with the beautiful parterre of rag wood, wild carrot and other annuals which nature's village improvement society has planted along several of the streets.

The sprinkling cart is evidently more for ornament than use. During the week previous to the rain some of the streets most used by city guests were not favored with its presence and as some of them remarked they had to fairly eat dust.

Methodist Church Jottings.

The topic for next Sabbath morning is, "The Crown," and for the evening, "The Tactful Man."

There will be preaching at the Union school house next Sabbath afternoon.

Two young ministers by the name of Davidson and Eigelhart passed through town this week Monday on their way to Water Gap and called at the parsonage. Mr. Davidson is one of the young men of the conference who is stationed at South Market Street, Newark, and Mr. Eigelhart is the son of Dr. Eigelhart of the New York east conference. Both are promising young men.

Two other ministers, Dr. Ryman and Dr. Hensley, are staying in Pike county, at the Wells camp.

The Union Sabbath school picnic passed off pleasantly at Raymondskill Falls yesterday. Picnic days are over for the Sabbath schools for another season. How rapidly the summer has gone. Time is short. What thou doest do quickly.

Dr. Wright, the presiding elder, has sent word that Dr. Guttridge of the American university will be in the neighborhood of Port Jervis on the 23d of September and will address the Epworth League rally. This will be of interest to all the young people of this place and of the societies in the neighborhood. The young people's society at Matamoras is Christian Endeavor and it is with great pleasure that the invitation was received to have the rally there. A cordial invitation is extended to all Endeavor societies in the limits of our group of Leagues to attend this meeting.

The annual fair of the M. E. church was held last night and was a grand success. About \$200 was taken in. We congratulate the ladies of the Aid society, who because of their faithfulness and perseverance deserve the highest measure of success.

Reformed Church Notes.

The annual festival of the Hainesville Reformed church last week Thursday was a grand success. It was a beautiful evening and the visitors, being about 150, passed a very social evening. The proceeds were about \$52.

The mid-summer fair and supper of the Montague Reformed church was well attended in spite of the cloudy weather. Special credit is due to the Misses Fannie Armstrong and Jennie Black for their efforts in collecting for the fair. The ladies of the Aid society have been very faithful and as the result of the evening cleared about \$60.

Mrs. Henry Miller, the mother of Mrs. Meyer, who has been spending the summer at the parsonage, will leave for her home in Albany next week.

The pastor's subject next Sabbath morning will be the first commandment. This series was begun two weeks ago by an introduction to the commandments and the commandments will be taken up in succession every second Sabbath.

The Dorcas society met yesterday at the home of Mrs. Mary Young. The annual picnic of the Sanday school will be held at Raymondskill Falls Tuesday, the 26th inst. The Methodist Sunday school will unite with us and a good time is in store for the children.

James D. Beck and Miss Martha Y. Padgett, both of this village, were married Wednesday evening, Aug. 20, in Port Jervis by Rev. U. Reynolds, pastor of Grace church. The M. E. church fair last evening was largely attended.

Presbyterian Choralings.

(By Rev. E. M. Emsd.)

Next Sabbath morning's discourse promises to be one of special interest and will be preached from the text Rev. 21: 1, "There was no more sea." In the evening a popular theme will be treated. All our most welcome to attend are solicited. Come in the morning and hear the programme for the day.

It is a matter of great interest to us and will be to all whose hearts are in our work to know that last Sabbath morning we had one of, if not the largest attendance ever known at a regular service in the church. Chairs were brought in until all the available space in the auditorium was filled. Our purpose always is to get good and to do good. May the Lord be glorified as thus we endeavor to worship and serve him. "Not unto us, O Lord, not unto us, but unto thy name give glory, for thy mercy, and for thy truth's sake."

It was a very great pleasure to have Mrs. Reich of New York city and who is stopping at the Bluff House sing for us last Sunday. Her popularity is unquestionable as we recall how many people come to hear her. We are very happy to have made her acquaintance and to have had the pleasure of listening to her.

We are conscious at the present writing of the near approach of the end of our summer season. The thought brings both regret and pleasure. We regret to have to part with those who have so agreeably affiliated with us in our work. While we dreaded the coming of strangers within our gates at the beginning of the summer now we are very loath to part with many who have brought us blessings as they have helped us bear our mutual burdens and shared our mutual christian joys. But still there is also a pleasure in it all. "It has been good for us to be here." Pleasant memories and delightful fellowship make the part of a journey after these have been relinquished all the more enjoyable. So we shall "go forward," "pressing on toward the mark for the high calling of God in Christ Jesus."

Let us all bear in mind the approach of our next quarterly communion service which occurs the first Lord's day of September. This is always a holy season. Let us give ourselves to prayer for the extension of the kingdom and that those who may be added to the church shall be of such as shall be saved. There are some who did not join us last communion but whom we hope may come this time. Please inform the pastor of any that you can think of who might come and if that person is thyself be sure not to delay to let him know your intention at once.

The Sunday school day's outing and picnic has come and gone. The attendance was small when we consider what it should have been. We are very grateful to those who sent their teams and who did their part in any way to make the day enjoyable and a success.

Next Monday morning the pastor expects to take the boys' brigade out to Twin lakes for two days' outing. The purpose of this expedition is to give the boys a little experience of camp life and to perfect the organization of a military company. The boys are doing very nicely with their drills and will soon be ready for the manual of arms. We think that here is a splendid opportunity for someone who might be liberally disposed to give or aid the boys in securing their outfits of uniforms and guns. A comparatively small sum would do it and the town would reap a benefit in both pleasure and the profit of a gentlemanly act of boys. Care for your boys if you ever expect manly, patriotic, Christian citizens.

The pastor was sorry not to have been able to attend the Methodist fair last evening. His heart was there and he trusts that any who may have noticed his absence understand his sympathy and cordial cooperation in the work of a sister denomination.

A. H. Konvie, county engineer of Hainesville, who has been making a survey, thinks the road from Tinto's corner toward Branchville should be changed and run up the brook. The grade would be less than half and the cost of making no more than macadamizing the old road.

White N. W. Holden and sons, N. W., Jr., David, Chris, and S. Drake, Jr., were working on the road yesterday near Dark Swamp a heavy shower came up and they all sought refuge under an embankment leaving the team standing a few feet away. Lightning struck very near, knocking the team down and rendering the whole party unconscious, in which condition they remained for a considerable time. They do not know how long. All finally, including the horses, recovered but felt the effects of the shock very keenly. It was a very close call.

Eczema

How it reddens the skin, itches, oozes, dries and scabs. Some people call it water, with crust or salt thereon. The suffering from it is sometimes too intense to bear. Applications are resorted to - they relieve, but do not cure. It proceeds from humors absorbed or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions. Hood's Pills are the best cathartic. Price 25c.

Last Night at Yale Forestry Camp

Last evening was the final one at the Yale forestry camp and the occasion was duly honored by a dramatic recital given by Edward A. Mead. His subject was "The Rivals." While Mr. Mead had only completed committing the portions of the play which he recited just before appearing before his audience still he showed the mastery he had of his characters and the splendid ability with which he could impersonate them. We most sincerely hope to have the pleasure of hearing him before a village audience in the near future. His presentation of Sir Anthony Absolute was very fine indeed. At the close of "The Rivals," which was given in three acts, lemonade and cake were served by the foresters. Then Mr. Mead further entertained the company with three recitations as follows: "Cassidy at the Bar," "Uncle Josh's First Visit to a New York Theatre" and "The Eagle's Song." This last was a patriotic poem written by Richard Mansfield and was most excellently rendered. It was a most excellent production and was a fitting conclusion to a very pleasant evening.

Mrs. Sophia Yennie, an aged lady residing on Seventh street, died at an early hour this morning after a long illness.

The Presbyterian perennial organ fund society will pose at a party next week. For particulars see pastboard posters.

According to the Sussex Register, Godfrey Wirtz, a brother of Charles now confined in Newton jail, visited him recently and the sheriff being suspicious searched him and found on his person a pistol, knife, a bracket saw and six blades. It is assumed that the intention was to leave them with Charles so he could effect his escape. Godfrey was arrested and locked up. He was in the 13th U. S. Infantry for over two years.

A YOUNG LADY'S LIFE SAVED

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Charles H. Utter, a prominent physician of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she couldn't turn over in bed. What to do in this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

It looks as though the best sugar senators or so-called "insurgents" were coming in for a rather large share of credit for the defeat of the Cuban reciprocity bill than rightfully belongs to them. The fact of the matter is that the democrats were loaded to the muzzle with tariff reduction and free trade amendments which had the bill been reported to the committee, they stood ready to offer and thus precipitate a practically endless tariff discussion. This the republicans did not propose to allow, and consequently it was found necessary to allow the bill to slumber.

HAZARDS OF GAMBLERS.

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of the PIKE COUNTY PRESS are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and postoffice address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper, the publisher of which guarantees the genuineness of this liberal offer.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large-sized bottles of their druggists.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result.

Favorite Remedy is the only kidney medicine that acts as a laxative - all others constipate.

Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy orropy, your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning, scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer.

All druggists sell Dr. David Kennedy's Favorite Remedy in the new 50 cent size and the regular \$1.00 size bottles.

A Cure for Cholera Infantum

"Last May," says Mrs. Curtis Baker of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered and is now, nearly a year since, a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.
